The following worksheet is provided to ensure that appropriate documentation is obtained to support the proposed budget or quotation. This support documentation is required in accordance with Federal and State regulations. FAILURE TO PROVIDE THIS INFORMATION WILL DELAY ISSUANCE OF THE SUBCONTRACT. If the proposed rate includes an escalation factor, identify that factor and attach the subcontractor's justification for its inclusion. Attach the subcontractor's justification for direct charging of administrative or clerical personnel. Support documentation for salaries and wages may include copies of payroll forms or reports. If such documentation is not available, the following certification signed by an authorized representative of the subcontractor will be required: "The salary and wage information provided is true and correct and represents the current and actual base rate of each individual proposed."
- Fringe Benefits:** Attach supporting documentation for fringe benefits. Support documentation for fringe benefits may include a copy of the federally-negotiated fringe benefit rate agreement or a copy of the published rates. - Consultants:** Identify the name, rate and number of hours/days for each consultant. Determine that the purpose and cost are appropriate. Attach supporting documentation for the rates used. Attach written justification for rates exceeding the federally authorized rate (currently \$537.00/day). Support documentation for consultant rates may include a copy of the consultant's published rates or a statement signed by the consultant indicating the rate normally charged for the services provided.

Materials and Supplies: Attach supporting documentation for items with unit costs of \$500 or more. Attach justification for direct charging items such as office supplies, postage, local telephone costs, and memberships, that are normally treated as indirect costs. Support documentation for materials and supplies with unit costs exceeding \$500 may include copies of published catalog prices or copies of previous expense vouchers.

Other Direct Costs: Examples are computing services or time, communications, student fees, etc. Attach supporting documentation for rates and costs used. Verify the need, and attach a justification for direct charging an item, if necessary.

Indirect Costs or Overhead: Attach a copy of the subcontractor's federally-negotiated indirect cost rate agreement. Support documentation for indirect costs is the federally-negotiated indirect cost rate agreement. If the subcontractor does not have a rate agreement, (1) sufficient information should be attached indicating how the rate used was determined and (2) if the rate was accepted and paid previously by either a federal agency or agency of the State of Florida, documentation to that affect should be provided.
