My Interest in Florida

Hoping to gather input and feedback from researchers in Florida universities and research facilities related to the use of persistent identifiers for research facilities and instruments.

Curious about opportunities to leverage skills as an information professional to advance projects that have a positive impact in Florida.

Research and/or Projects

- Increasing the Discoverability and Traceability of Research Facilities and Instruments through Persistent Identifiers (NSF # 2226396, 2226397, 2226398)
- Building Campus Strategies for Coordinated Data Support – FSU participating in Ithaka S-R study

Expertise/Skills

- Literature Reviews and Systematic Reviews
- Creating survey instruments
- Research Data Management
- Project Management
- Project Documentation
