My Interest in Florida

- We have created and maintaining a FSU-wide Shared (Core) Scientific Equipment Database
- We have also deployed a public facing open web portal for searching, sorting and sharing the scientific equipment resources
- Discuss the advantages of the resource

Expertise/Skills

- Core Facility Network
- Created a shared equipment database
- Open web portal for FSU Scientific Equipment
- Association of Biomolecular Resource Facilities

Research and/or Projects

Florida State University Scientific Equipment Asset Management portal. The interface includes a search bar, filters for Group, Facility, and Department, and a 'GO!' button. The URL is https://apps.its.fsu.edu/AssetManagement/.

Asset Record for FRACTIONATION SYSTEM. The record includes fields for Group, Department, Description, Location, Facility Name, Contact, Manufacturer, Model, Availability, Restrictions, Cost, Notes, Documents, and Photos. Annotations with arrows point to specific fields: 'CONDITION' points to 'Active', 'Asset Group' points to 'GRADIENT FRACTIONATION', 'FACILITY NAME' points to 'X-RAY CRYSTALOGRAPHY FACILITY', 'CONTACT PERSON' points to 'THAYUMANASAMY SOMASUNDARAM', 'CONTACT PHONE NUMBER' points to '850-644-6448', 'CONTACT E-MAIL' points to 'TSOMASUNDARAM@FSU.EDU', 'Manufacturer' points to 'BRANDEL', 'Model' points to 'SYN-202', 'USAGE HOURS' points to 'SCHEDULED', 'USAGE RESTRICTIONS' points to 'USER TRAINED, KEY ACCESS', 'SCI_PUB_DOCUMENTS' points to 'BR-188-Specifications.pdf', and 'SCI_PUB_IMAGES' points to a photo of the equipment.
