My Interest in Florida

- Red tides
- River and lake outflow tracking
- Oil spills
- Coastal Circulation
- Sea Level Rise

Research and/or Projects

- I have developed a new oceanographic instrument, now patented and licensed, to track and monitor
- Surface pollutions.
- Through *Collaborative Collision* I am looking for collaborators and partners to build projects.

Expertise/Skills

- Environmental Monitoring
- Ocean Circulation
- Climate change

**COLLABORATIVE
COLLISION @FSU**
